

Codebook - Age Advantages in Emotional Experiences Persist Even Under Threat from the COVID-19 Pandemic

VARIABLE NAME	DESCRIPTION	VALUES / RANGE / HOW CALCULATED
Responseld	ID number	
f_aff	Frequency: Affectionate (during the past week)	0= Never, 4= All or nearly all the time
f_ener	Frequency: Energetic (during the past week)	0= Never, 4= All or nearly all the time
f_acc	Frequency: Accomplished (during the past week)	0= Never, 4= All or nearly all the time
f_ang	Frequency: Angry (during the past week)	0= Never, 4= All or nearly all the time
f_int	Frequency: Interested (during the past week)	0= Never, 4= All or nearly all the time
f_calm	Frequency: Calm (during the past week)	0= Never, 4= All or nearly all the time
f_app	Frequency: Appreciative (during the past week)	0= Never, 4= All or nearly all the time
f_cont	Frequency: Content (during the past week)	0= Never, 4= All or nearly all the time
f_dis	Frequency: Disgusted (during the past week)	0= Never, 4= All or nearly all the time
f_qui	Frequency: Quiet (during the past week)	0= Never, 4= All or nearly all the time
f_sad	Frequency: Sad (during the past week)	0= Never, 4= All or nearly all the time
f_emb	Frequency: Embarrassed (during the past week)	0= Never, 4= All or nearly all the time
f_bor	Frequency: Bored (during the past week)	0= Never, 4= All or nearly all the time
f_anx	Frequency: Anxious/worried (during the past week)	0= Never, 4= All or nearly all the time
f_rela	Frequency: Relaxed (during the past week)	0= Never, 4= All or nearly all the time
f_fear	Frequency: Fearful (during the past week)	0= Never, 4= All or nearly all the time
f_pea	Frequency: Peaceful (during the past week)	0= Never, 4= All or nearly all the time
f_sha	Frequency: Ashamed (during the past week)	0= Never, 4= All or nearly all the time
f_reli	Frequency: Relieved (during the past week)	0= Never, 4= All or nearly all the time
f_gui	Frequency: Guilty (during the past week)	0= Never, 4= All or nearly all the time
f_hap	Frequency: Happy (during the past week)	0= Never, 4= All or nearly all the time
f_pro	Frequency: Proud (during the past week)	0= Never, 4= All or nearly all the time
f_amu	Frequency: Amused (during the past week)	0= Never, 4= All or nearly all the time
f_joy	Frequency: Joyful (during the past week)	0= Never, 4= All or nearly all the time
f_irr	Frequency: Irritated (during the past week)	0= Never, 4= All or nearly all the time
f_fru	Frequency: Frustrated (during the past week)	0= Never, 4= All or nearly all the time

VARIABLE NAME	DESCRIPTION	VALUES / RANGE / HOW CALCULATED
f_exc	Frequency: Excited (during the past week)	0= Never, 4= All or nearly all the time
f_conc	Frequency: Concerned (during the past week)	0= Never, 4= All or nearly all the time
f_lon	Frequency: Lonely (during the past week)	0= Never, 4= All or nearly all the time
i_aff	Intensity: Affectionate (during the past week)	0= Not at all, 4= Extremely
i_ener	Intensity: Energetic (during the past week)	0= Not at all, 4= Extremely
i_acc	Intensity: Accomplished (during the past week)	0= Not at all, 4= Extremely
i_ang	Intensity: Angry (during the past week)	0= Not at all, 4= Extremely
i_int	Intensity: Interested (during the past week)	0= Not at all, 4= Extremely
i_calm	Intensity: Calm (during the past week)	0= Not at all, 4= Extremely
i_app	Intensity: Appreciative (during the past week)	0= Not at all, 4= Extremely
i_cont	Intensity: Content (during the past week)	0= Not at all, 4= Extremely
i_dis	Intensity: Disgusted (during the past week)	0= Not at all, 4= Extremely
i_qui	Intensity: Quiet (during the past week)	0= Not at all, 4= Extremely
i_sad	Intensity: Sad (during the past week)	0= Not at all, 4= Extremely
i_emb	Intensity: Embarrassed (during the past week)	0= Not at all, 4= Extremely
i_bor	Intensity: Bored (during the past week)	0= Not at all, 4= Extremely
i_anx	Intensity: Anxious/worried (during the past week)	0= Not at all, 4= Extremely
i_rela	Intensity: Relaxed (during the past week)	0= Not at all, 4= Extremely
i_fear	Intensity: Fearful (during the past week)	0= Not at all, 4= Extremely
i_pea	Intensity: Peaceful (during the past week)	0= Not at all, 4= Extremely
i_sha	Intensity: Ashamed (during the past week)	0= Not at all, 4= Extremely
i_reli	Intensity: Relieved (during the past week)	0= Not at all, 4= Extremely
i_gui	Intensity: Guilty (during the past week)	0= Not at all, 4= Extremely
i_hap	Intensity: Happy (during the past week)	0= Not at all, 4= Extremely
i_pro	Intensity: Proud (during the past week)	0= Not at all, 4= Extremely
i_amu	Intensity: Amused (during the past week)	0= Not at all, 4= Extremely
i_joy	Intensity: Joyful (during the past week)	0= Not at all, 4= Extremely

ftp7	FTP (Future time perspective): Item 7	1=Very Untrue, 7=Very True
ftp8	FTP (Future time perspective): Item 8	1=Very Untrue, 7=Very True
ftp9	FTP (Future time perspective): Item 9	1=Very Untrue, 7=Very True
ftp10	FTP (Future time perspective): Item 10	1=Very Untrue, 7=Very True
tipi1	TUPI (Personality): Item 1	1=Disagree strongly, 7=Agree strongly
tipi2	TUPI (Personality): Item 2	1=Disagree strongly, 7=Agree strongly
tipi3	TUPI (Personality): Item 3	1=Disagree strongly, 7=Agree strongly
tipi4	TUPI (Personality): Item 4	1=Disagree strongly, 7=Agree strongly
tipi5	TUPI (Personality): Item 5	1=Disagree strongly, 7=Agree strongly
tipi6	TUPI (Personality): Item 6	1=Disagree strongly, 7=Agree strongly
tipi7	TUPI (Personality): Item 7	1=Disagree strongly, 7=Agree strongly
tipi8	TUPI (Personality): Item 8	1=Disagree strongly, 7=Agree strongly
tipi9	TUPI (Personality): Item 9	1=Disagree strongly, 7=Agree strongly
tipi10	TUPI (Personality): Item 10	1=Disagree strongly, 7=Agree strongly
health	Current health (self)	1=Poor, 5=Excellent
risk_self	Perceived risk of contracting coronavirus (self)	0=No risk, 5=Very high risk

Codebook - Age Advantages in Emotional Experiences Persist Even Under Threat from the COVID-19 Pandemic

VARIABLE NAME	DESCRIPTION	VALUES / RANGE / HOW CALCULATED
risk_pop	Risk of contracting coronavirus for people in the general population	0=No risk, 5=Very high risk
risk_comp	Risk of developing complications from coronavirus, given current health (self)	0=No risk, 5=Very high risk
age	Age	18-76
gender_all	Gender	Male, Female, Other gender (please describe)
race_all	Race/ethnicity	Asian/Asian-American, Black/African-American, Hispanic/Latin American/Latinx, Middle Eastern or North African, Native American/Alaska Native, Native Hawaiian or Other Pacific Islander, White/European-American, Another race or ethnicity not mentioned (describe), Prefer not to say
educ	Education level	Less than high school, Graduated high school (GED), Some college or technical school, Completed 4-year college (BA, BS), Completed graduate or professional degree
income	Total household (family) income last year before taxes	Less than \$10,000, \$10,000 to \$20,000, \$20,000 to \$30,000, ... \$200,000 to \$220,000, \$220,000 to \$250,000, Greater than \$250,000, Decline to answer
emp	Employment status (current)	Working for pay (part-time or full-time), Not currently working for pay, Retired
emp_affect	Employment status affected by the coronavirus pandemic	0=Not at all, 4=A great deal
livealone	Do you currently live alone	No, Yes
gender_bin_f	Gender binarized	Female, Non-female
race_bin	Race binarized	White, Non-white
emp_bin	Employment binarized	Working, Not working
FTP_av	FTP: Overall score	mean of all "ftp" items
FTP_Opp	FTP: Opportunity Subscale	mean of "ftp" 1, 2, 3, 7
FTP_Ext	FTP: Extension Subscale	mean of "ftp" 4, 5, 6

Codebook - Age Advantages in Emotional Experiences Persist Even Under Threat from the COVID-19 Pandemic

VARIABLE NAME	DESCRIPTION	VALUES / RANGE / HOW CALCULATED
FTP_Con	FTP: Constraint Subscale	mean of "ftp" 8, 9, 10
Openness	TIPI (Personality): Openness	mean of "tipi5" and "tipi10"
Conscientiousness	TIPI (Personality): Conscientiousness	mean of "tipi3" and "tipi8"
Extraversion	TIPI (Personality): Extraversion	mean of "tipi1" and "tipi6"
Agreeableness	TIPI (Personality): Agreeableness	mean of "tipi2" and "tipi7"
Em_Stability	TIPI (Personality): Emotional Stability	mean of "tipi4" and "tipi9"
avg_f_pos	Average frequency of positive emotions (past week)	mean of all "f_" positive emotions
avg_f_neg	Average frequency of negative emotions (past week)	mean of all "f_" negative emotions
avg_i_pos	Average intensity of positive emotions (past week)	mean of all "i_" positive emotions
avg_i_neg	Average intensity of negative emotions (past week)	mean of all "i_" negative emotions
